Valerie

Thanks for being so vigilant in the community. I passed your photos along to Steve Seyler and he confirmed that they are aware of this new tagging and have been taking photos also. They also have gotten some information about potential suspects which they will be providing to LAPD.

Good to know, and let's stay in touch.
Kerry

Hi Kerry,

I don't know if you see this because the tagging isn't always the BID area and not always photographed, but you should be aware. This is the 3rd or 4th major tagging in the past month.

Over the weekend 18th street has increased there tagging three fold. They even started tagging YSB (Yucca Street Boyz) again, which is supposedly a clique of 18th street even though no one outside of Hollywood recognizes them. The tagging goes from 6434 Yucca to 1846 Cherokee. There is also tagging along Wilcox, Whitley and Cherokee, but my camera ran out of room.
